Assistance Extended to the Emergency [REDACTED] Program

25X1A6a

25X1B4d

1. As the emergency [REDACTED] program in [REDACTED] nears successful completion, we are most anxious to express our appreciation of the essential support which this program has received from the Service organizations in the [REDACTED] Command. Without their excellent cooperation, the program's objectives could never have been achieved and a large body of information would undoubtedly have been lost to the entire intelligence community.
